Life fitness lifecycle gx indoor exercise bike

Questions? Call (888) 909-2453 The Life Fitness Lifecycle GX Indoor Cycle has the most in demand features and a bold rear flywheel design that spins like no other. Engineered for low maintenance even with high volume use, this is one bike built to last class after class, in a health club is now available for your home. At long last the stunning Life Fitness Lifecycle GX Indoor Cycle is available for your home gym! The beautifully crafted piece of gym equipment is a hot favourite at many of the world's top health clubs, and now you can enjoy its benefits in the comfort and privacy of your own home. The Life Fitness Lifecycle GX Indoor Cycle has a sleek and stylish robotically welded steel frame, covered with rust prevention E-coating, is durable and sturdy so you can take your workout to the max with confidence. A dual-magnetic brake resistance system and multi-ribbed belt drive ensures a smooth, quiet ride with easy transition between levels. The seat has been ergonomically designed to provide maximum comfort and airflow so can enjoy working out for longer. Life Fitness is synonymous with beautiful and thoughtful design and the GX is no exception. Anatomically correct handlebars keep your upper body comfortably and correctly positioned, while the dual sided SPD pedals offer alternatives for both soft and hard soled shoes. Improve your cardio fitness, promote healthy weight loss and strengthen and tone muscles with this outstanding bike. It even has durable urethane stretch platforms to allow you to properly stretch your calf muscles as well as a reinforced base arm for all-important hamstring stretches, a must after any serious cycling workout! KEY FEATURES Durable: Robotically welded steel frame. E-coated steel and plastic shrouding protects your equipment from dirt, sweat and water. Durable urethane stretch platforms allow you to properly stretch calf muscles. Reinforced base arm serves as ample footing area for hamstring stretches. Powerful: Precision resistance brake lever allows you to gauge and repeat resistance with optional cycling computer. Multi-ribbed belt drive for a smoother, quieter ride with less maintenance. Magnetic eddy current brake for a cleaner, more maintenance-free system. 170-mm Q-factor for a natural, efficient pedaling stroke. Comfortable: Ergonomic cycling seat with cut-out provides extra comfort and air flow; optional wide seat available. Ergonomic handlebar design keeps your upper body comfortable and correctly positioned; dual water-bottle receptacles can be used to hold your electronic devices. Dual-sided SPD pedals offer alternatives for both soft- and hard-soled shoes by providing a hard surface-sided pedal for standard shoes and SPD clips for cycling footwear. Adjustable: Large overall adjustment range ensures a perfect fit for your body. Micro fore/aft adjustments optimally position your handlebars and seat for an effective ride. Pop pin height adjustment securely keeps your settings in place. Touch Screen Computer: Optional cycling computer displays your speed, distance, cadence time, heart rate, and resistance level, and is mounted to remain in an optimal viewing position throughout your workout. Workout feedback displays your Heart Rate MAX percentage when optional Polar chest strap is used so you can achieve your exercise goals. FEATURES Robotically Welded Steel Frame with Rust Prevention E-Coating Dual-Magnetic Brake Resistance System Multi-Ribbed Belt Drive Precision Resistance Braking Lever Dual-Sided SPD Pedals Vertical and Fore/Aft Seat and Handlebar Adjustments Dual Water Bottle Holders Custom Molded Stretching Platforms SPECIFICATIONS Length: 54.6" (139 cm) Width: 23"(58 cm) Height: 39.5" (100 cm) Weight: 111 lbs (50.5 kg) WARRANTY Frame: 5 Years Mechanical Components: 3 Years Saddle, Pedals, Console: 1 Years Wearable Items: 90 Days Labor: 1 Year Not just a bike ACCESS OUR FULL SERVICE & EXPERTISE We're here to help serve you throughout your journey. The third generation of touch screen consoles redefines the workout experience with the most advanced technology. The 10" integrated LCD touch screen features an abundance of entertainment options, enhanced interaction, internet connectivity and much more. Choose the SI-TV console for integrated tv. The innovative design of the next generation Elevation Series Recumbent Lifecycle Exercise Bike is an award-winner providing all types of exercisers with the support and comfort they need. The step-through design allows all body types or those rehabilitating from injury to easily use the equipment. With four colors to choose from, Elevation Series has the style options to complement your facility. Discover Console: Easy-To-Use Interface: Go ahead, swipe it. Discover's Swipe Technology and high-definition screen displays content and controls with vibrant images and graphics. With a swipe of a finger, navigate seamlessly between crisp, clear screens to choose the entertainment and workouts you want. Personal Identification Technology: Find your favorites with ease when you login to your LfConnect settings on Discover. Your preferred workouts, websites and display settings instantaneously load so you can get on and go. All you need is a smartphone, PIN, USB drive or RFID* to access personalized content. Entertainment On Demand: Watch on-demand videos.* Tune into a favorite sitcom, watch the hottest music videos or play solitaire. There are thousands of entertainment options that will engage any interest. Surf The Web: Thanks to Discover's Internet connectivity capabilities, you can visit a website or play a game.* Easily choose your favorite websites through your Lfconnect account and they will be instantly available at login. Lifescape Interactive Courses: Lifescape courses feature exclusive interactive, high-definition hikes, runs and bikes through famous locations around the world. Whether an exerciser chooses to bike in France's Col de la Colombiere, or run in California's Trinity Mountains, the integrated machine controls increase the resistance or incline and video speed to replicate an authentic outdoor experience. Connect To Your Device: Discover connects and syncs to Android smartphones and Apple devices, including the iPad. Use Bluetooth to connect your headphones. Access your personal library of music, videos, apps and books. Maintain and monitor workout results directly from machine to device with the Life Fitness compatible app of your choice. And with charging capabilities, never worry about low battery life. Engage With Your Networks: Never miss another tweet or status update again. Let friends, family and workout buddies see your fitness progress on your social networks. Connect with friends, personal trainers or groups through My Community on Lfconnect to motivate and challenge you. Allow a personal trainer to track your workouts or set up customized workouts for you through Lfconnect. 10" Integrated Surface Capacitive LCD Touch Screen Swipe Technology Screen Protection: Protective top layer, internal shock mounts, gasket Optional Attachable TV (wide screen format): Analog and Digital NTSC/ATSC/QAM, PAL/ SECAM/DVB-T, NTSC/ISDB-T with BCAS: Optional Language Choices: English, English UK, Spanish, Portuguese, Italian, French, German, Dutch, Turkish, Simplified Chinese, Japanese, Korean, Russian, Arabic, Polish, Catalan, Finnish, Hungarian, Euskara English/Metric Selection: mph/kph/rpm or lbs/kg SPECIAL FEATURES: iPod, iPhone, iPad and Android Smartphone Compatibility: Video capability on LCD Touch Screen, Video capability on Optional Attachable TV, Playlist management on LCD Touch Screen, Charging, iPad Holder Internet: Via CAT6 or CAT5e (shielded recommended), Wireless Connectivity: IEEE802.11a/b/g/n* (Optional) On-Demand Content (Music Videos, TV shows): Available with purchase of Lifescape Gateway Bluetooth: Compatible with Bluetooth devices Workout Landscape Views: 400M Track, 5K Nature Trail, Mountain, Zoom Programmable Go System: Walk-Jog-Run (Treadmill only) Solitaire: Play Solitaire on the LCD Touch Screen Life Fitness Reader: Read ePub files on the LCD Touch Screen Base Features: Easy adjust Comfort Curve Plus seat with deluxe back support: adjusts even from the seated position Easy-to-reach resistance control: conveniently adjusts workout intensity Deluxe armrests: for a more relaxed workout; raise for easy on and off Lifepulse digital heart rate monitor: hand sensors located on handlebars and deluxe armrests Heart Rate programs: automatically adjust resistance keeping users in their target heart rate zone Specs: Heart Rate Monitoring: Polar Telemetry (optional chest strap required, Lifepulse Digital Heart Rate Monitoring with DSP (Digital Signal Processing) Workouts: Quick Start Classic Workouts: Manual Goals, Random, Hill, Rolling Hills Healthy Heart: Moderate Burn, Vigorous Burn, Fixed Time Interval, Variable Time Interval Performance: 2-Speed Interval, Starter Interval Evaluate, Fit Test, U.S. Navy PRT Goal Workouts: Time, Distance, Calories, Distance Climbed, Time in Zone, Pace Modes: Bike and Constant Calorie Per Hour Customized Cool Down Product Features: Comfort Curve Plus Seat and Deluxe Back Support Side Handlebars with Contact Heart Rate: Optional Deluxe Armrests with Contact Heart Rate: Optional Wide Ride Pedals On-the-Fly Programming Resistance Levels: 25 Resistance Controls: Side Handlebars / Armrests (Optional) Integrated Reading Rack Integrated iPod/iPhone Accessory Tray Removable Cup Holder Front Wheels for Easy Mobility Welded Steel Frame, Front Roller Lift Wheels and Rear Levelers Networking Capabilities: CSAFReady, FitLinxx Certified Attachable TV Personal Entertainment Solutions: Optional Power Requirements: AC power line 115 volt, 15 amp (voltage outside U.S. may vary) optional Internet: Via CAT6 or CAT5e (shielded recommended); Wireless Connectivity: IEEE 802.11a/b/g/n* (optional) Hybrid (reduce power to the console) TECH SPECS - Max User Weight: 400 lbs. / (181.43 Kilograms) Weight: 214 lbs. / (97.06 Kilograms) Dimensions: 65" L x 27" W x 53" H / (165.1cm L x 68.58cm W x 134.62cm H) **OUT OF STOCK**
